Dear Green River HOA Member:

On the behalf of the Board of Directors and the Green River Community, we would like to welcome you to the Green River Homeowners Association.

For many of you, this will be your first experience being a part of a homeowners association. As you will find out, there are many advantages as well as many responsibilities living in an association.

THE ASSOCIATION

The purposes of an association are to maintain the common areas and enforce the governing documents. A seven-member Board of Directors governs the Green River Association. The Board usually meets regularly on the third Wednesday of each month at 7:00 pm at the Clubhouse, but that may change from time to time. Homeowners are encouraged to attend the meetings as well as take an active part in the community.

THE PROPERTY MANAGEMENT COMPANY/PROPERTY MANAGER

The property management company for Green River Homeowners Association is The Avalon Management Group, Inc. (Avalon). A management company acts as the agent for the Association and coordinates services such as landscape maintenance as well as the collection and distribution of Association funds. The property manager attends the monthly Board meetings. Avalon can be reached via phone at (951) 244-0048.

ASSOCIATION ASSESSMENTS

Regular monthly assessments are payable to the Green River Homeowners Association on the first of each month. In most cases the escrow company has collected assessments for the remainder of the month in which you closed escrow and for the subsequent month.

ASSOCIATION ASSESSMENT COLLECTION POLICY

Payments are due on the first (1st) of each month and are delinquent if not received by the thirtieth (30th). All payments not received by the thirtieth (30th) will be charged a ten-dollar (\$10) late charge. Please allow ample time for the mailing of payments. In all cases Homeowners shall be responsible for payment within the above time limit regardless of circumstances. Interest may accrue on late payments.

- **THE FOLLOWING SHALL APPLY TO ALL PAST DUE ACCOUNTS**

1. Unpaid assessments are delinquent 30 days after they are due. (CC&Rs, Art. V, §1); CC §5650 (b).) A late charge of \$10.00 (not more than \$10.00 or 10%) will be charged for any assessment which is not paid in full within 30 days of the due date. (CC&Rs, Art. V, § 1; CC §5650(b)(2).)
2. Prior to recording a lien for delinquent assessments, the Association, its collection agent or attorney will send a pre-lien letter to the record owner as required by Civil Code §5660 by certified and first class mail to the owner's address of record with the Association. The owner will be charged a fee for such pre-lien letter. The Association may obtain a vesting report from a title company in connection with preparation of a pre-lien letter. If a vesting report is obtained, the owner will be charged a fee for the report.
3. If an owner to whom a pre-lien letter is sent fails to pay the amounts demanded therein within thirty (30) days from the date such pre-lien letter is mailed, a lien for the amount of any delinquent assessments, late charges, interest and/or costs of collection, including attorneys' fees may be recorded against the owner's Property. (CC § 5675). The lien is a continuing lien which secures subsequently accruing assessments. The owner will be charged a fee for such lien. No lien will be recorded unless a majority of the members of the board of directors approves the decision to record the lien at an open board meeting. (CC §5673).

Note: The above is a portion of the Association's collection policy, but it may be changed by the Board of Directors in certain individual cases based upon individual circumstances. If a Homeowner is delinquent and wishes to arrange a payment plan, please communicate this to AVALON who will then present the payment plan to the Board for determination.

ABOUT THE RULES & REGULATIONS

Also enclosed in this packet you will find a copy of the community Rules & Regulations, which are in addition to the CC&Rs and By-Laws. It is the responsibility of the Homeowner to inform their tenants of these Rules & Regulations and to make sure a copy of the CC&Rs is available. The Homeowner is held responsible for all actions of the occupants and guests of their Green River residence. If you do not have a copy of the CC&Rs, please contact AVALON.

Note: Sections 4525 and 4540 of the California Civil Code state a seller is liable to a new Homeowner for a \$500.00 penalty if the seller fails to provide the CC&Rs and By-Laws to the new Homeowner.

In this packet you will find items such as Gatehouse and Guest Procedures, Architectural Improvement Policies, and the Clubhouse Usage Policies and Rules.

We ask that you take a moment and familiarize yourself and your family with these policies. It is the responsibility of all Homeowners and residents/guests to follow the correct procedures of the community. If you are unsure of any procedures or have any questions regarding the Green River Homeowners Association, please contact AVALON.

We hope this packet will make your transition to Green River a pleasant one, and look forward to having you help make Green River a place you are proud to call home.

II. ARCHITECTURAL AND LANDSCAPING CHANGES

Any Homeowner wanting to make landscape or architectural modifications to a home (including painting the home the same color) **MUST** submit an **Architectural Approval Application**. The Property Manager will log the application as received and will notify the Architectural Committee for formal review. If items are missing or the identification of "Proposed Improvements" is vague, the application may be returned to the Homeowner with a request for the additional necessary information. Once submitted, the Architectural Committee has thirty (30) days to respond with either "APPROVED", "DENIED", or "INFORMATION NEEDED" from the date logged by the Property Manager. When approved by the Architectural Committee, the Property Manager will send a formal approval letter with a copy of the application to the mailing address submitted. Clarification or questions should be directed to the Property Manager or the Architectural Committee Chairman.

Except in circumstances where the Board is acting as the Architectural Committee, if the Committee denies the Homeowner's application in whole or in part, the Homeowner can appeal that denial to the Board by submitting a written appeal (on an Association-provided form, available online) to the Association within 30 days of the notice of the Committee's decision. Architectural appeals will be scheduled to be heard by the Board in an open session Board meeting. Such appeals will generally be heard within 45 days of receipt of a timely appeal, although the Association may need to extend that period due to scheduling problems, the volume of other appeals or press of other business being considered by the Board. In general, any such additional period of time shall not exceed 30 days. The appealing applicant will be given an opportunity to address the Board during the architectural appeal if he/she chooses to attend. However, the applicant should include all reasons for the appeal as part of the completed written appeal form and not expect to merely make an oral presentation to the Board. The Board will make a decision on the appeal (approve the appeal or deny the appeal) by Board vote at the conclusion of the appeal hearing. The decision will also be communicated in writing to the applicant by mail following the Board's decision.

1. Architectural Approval Applications are available online or at the Clubhouse. Homeowners are requested to follow all application instructions and guidelines on the reverse side of the Architectural Approval Application. When painting or staining is proposed, a "Supplemental Architectural Application" is required with "APPROVED" GRHOA paint chips (available at the Clubhouse).

IV. GATEHOUSE AND FRONT GATE POLICIES & PROCEDURES

Note: Gate staff are not allowed to accept mail, packages, or messages for residents.

All new residents must visit the Clubhouse to establish residency in the online system. Each new resident will need to bring in paperwork showing proof of ownership or tenancy. The information will be entered into the online system to allow guest registry. No changes will be accepted via phone to guards at the guardhouse. If an online account is already active, residents must contact the Clubhouse to add individuals to the guest list or login to their Dwelling Live account to add them.

The gate staff operates the guest side arm only. If you do not have a transponder, you are required to enter through the Guest side. Should you attempt to enter through the Resident side without your transponder, or if your transponder is not working, gate staff will inform you of the need to reactivate or replace the transponder. Any residents or guests entering the guest side lane will be required to provide a valid form of government issued identification, the address that they are visiting or residing and the name of the individual(s) they are visiting. Gate staff may or may not allow access without transponder, follow gate staff's direction. Please report all Resident gate operation issues to the staff from the visitor lane. Please contact the Clubhouse staff if the transponder is believed to be defective.

A. VEHICLE TRANSPONDERS

ALL residents are to obtain a vehicle transponder that will be used to ensure resident vehicles entering through the Resident lane are able to quickly enter the community without assistance.

- Transponders are issued only to the vehicles of Homeowners/current residents of the Green River Community with the proper proof of ownership of vehicle (current registration) and residency (escrow papers, rental agreements, or current utility bill).
- If resident is requesting a transponder for a company vehicle not registered in his/her name, the resident must provide company vehicle registration and proof of employment (along with proof of residency as outlined above). Transponders are issued for 1 year and must be renewed at time vehicle registration expires. A transponder will not be issued for a commercial vehicle unless the resident demonstrates the vehicle can park wholly within the

residence's enclosed garage. If the vehicle is not so parked while in the community, the transponder is subject to deactivation. Transponders are also subject to deactivation for other vehicle-related violations.

- All transponders must be correctly mounted on the vehicle (by clubhouse staff). No unmounted transponders will be allowed without an "exception authorization" issued by the Board of Directors.
- New or replacement transponders must be purchased. Please check with the Clubhouse for the most current pricing.
- Those residents who possess a verified defective transponder will receive a free replacement from the Clubhouse. (verified defective is a transponder that never worked or stopped working shortly after installation)

B. GUESTS

ALL GUESTS MUST SHOW A VALID DRIVERS LICENSE (for driving a vehicle,) or a VALID ID (for walking access) AT THE GATEHOUSE IN ORDER TO GAIN ENTRY INTO THE COMMUNITY. In addition, all vehicles entering the community must have current registration/tags.

Residents must enter their guest's name(s) into the online system in order for their guest(s) to be admitted into the community. Call the Clubhouse and provide the name of the guest(s) to be added to the guest list. The resident must have an active DwellingLive account to add names to the guest list. The resident must provide a code word along with the guest name.

The Clubhouse phone number is (951) 734-9900. It is to be used by residents only. This number is not to be given to guests.

Note: A resident code word is required when calling in a guest's name. Residents who either cannot give a code word or cannot give the correct code word will not be authorized to admit guests via the phone.

- Each family chooses a code word and is responsible for remembering that code word.
- The guard is not allowed to change or give out code words over the phone.
- To change your code word, please do so online via the on-line website or visit the Clubhouse for assistance.

Note: If the guard is unable to contact a resident at their home, the guest will not be allowed to enter the community.

Guest Parking:

1. Each guest will receive a temporary parking pass. This allows a guest to park on a street within the community for a limited period of time.
2. The parking pass must be visible in the windshield.
3. The guest vehicle must be operational and have a valid registration and the guest must have a valid driver's license.

5. No motorized scooter, off-road motorcycle (i.e., dirt bike), mini-bike, or any unlicensed motor vehicle may be operated or ridden on the streets or sidewalks within the community, or on common areas, including the recreational facilities.
 - a. The Board of Directors in good faith believes, based on its investigation and experiences to date, that the operation of motorized scooters and similar vehicles on the Association's streets and property is unsafe under any circumstances, presents an unreasonable exposure of injury to the operators and others, and unduly exposes the Association to liability. Some other factors considered in making this decision is that the State law requires that motorized scooters only be operated within bicycle lanes and the Association streets do not have bicycle lanes.
6. The following vehicle violations will result in notices being issued to the homeowner; the homeowner will be summoned to a Board Meeting for possible fine and/or other disciplinary action.
 - a. A vehicle cited for obstructing streetsweepers.
 - b. Failing to stop at designated stop signs
 - c. Tailgating through residential gate (with or without a transponder)

8. Notices will be issued for infractions of the parking rules. Vehicles parked in violation of the rules are subject to immediate tow and/or issuance of violation notices, fines and other disciplinary action.
 - a. The following requirements must be satisfied in order for a resident vehicle to be parked on a street:
 1. The vehicle must be operable and have a current, valid registration registered at a residence within the community. The garage and driveway are being used to their maximum designed capacity for the parking of authorized vehicles.
 2. Inoperable Vehicles. A vehicle will be deemed inoperable if it has a flat tire, is missing a wheel/tire, is on blocks, displays a significant amount of body damage (as determined by the Board of Directors in its sole discretion), cannot be driven, and/or the engine does not start. In addition, the Board of Directors may deem a vehicle to be inoperable if it is continuously parked on the driveway for long periods of time. No inoperable vehicle may be parked on a street. In addition, no inoperable passenger vehicle may be parked on a lot except wholly enclosed within a garage or when screened from view in a manner approved by the Architectural Committee.

9. No overnight parking is allowed in the Clubhouse parking lot. No parking or loitering on Crestridge Dr. adjacent to Clubhouse after clubhouse closes (signs posted).
10. Vehicles must be parked in the direction of the flow of traffic on all streets.
11. Vehicles may not park side by side in cul-de-sacs.
12. Vehicles may not park one behind the other in a driveway if the second vehicle extends into the street.
13. Boats, RV's (recreational vehicles), campers, etc., are not allowed within public view of the community except with a 24-hour pass issued by the Gatehouse. A 24-hour pass will be issued every 48 hours.
 - Boats and other recreational vehicles may not be parked within the community except when wholly enclosed in a garage or on a lot when screened from view in a manner approved by the Architectural Committee. No street parking of the aforementioned vehicles is permitted, except that a resident may obtain a 24-hour pass for loading and unloading purposes only.
14. Commercial Vehicles:
 - a. Trailers and commercial trucks may not be parked within the community except when wholly enclosed in a garage or on a lot when screened from view in a manner approved by the Architectural Committee. No street parking of such vehicles is permitted, except that a resident may obtain a day pass (no overnight parking) for a vendor.
 - b. Acceptable dimensions of commercial vehicles and trailers cannot exceed these dimensions:
 1. Length - 240"
 2. Width - 82"
 3. Height - 86"
 4. Weight - 6500 lbs.
 - c. If any one of these rules are violated, notices will be issued and/or the violating vehicle may be towed.
 - d. Delivery/pick-up vehicles will receive a pass for enough time to accomplish their purpose.
15. Do not park in front of mailboxes.
 Mail carriers will not deliver mail to boxes that are blocked. Although the curbs are not painted red, obstructing mail delivery is a violation of Parking Rules. Vehicles blocking mail delivery may be cited and/or towed at owner's expense.

All applicable provisions of the California Vehicle code are enforceable.

A. VEHICLES PARKED IN A RED ZONE OR A “NO PARKING” ZONE ARE SUBJECT TO IMMEDIATE TOW AT THE OWNER’S EXPENSE.

1. Any vehicle parked in violation of these Parking Rules may be towed at the vehicle owner’s expense.
2. The Homeowner may also be assessed a penalty for the violation.
3. The Association will not, *under any circumstance*, reimburse a vehicle owner for towing expenses.
4. Vehicles belonging to or being operated by guests of residents or Homeowners are subject to all of these Parking Rules and Regulations. **Homeowners are responsible for the location and activity of vehicles belonging to their guests and tenants, and are responsible for ensuring that their guests and tenants are made aware of these Parking Rules and Regulations.**

B. TOWING POLICY

1. Any traffic or parking violation will result in the vehicle being ticketed. The registered resident will be given **twenty-four (24) hours** to bring the vehicle into compliance with Association’s parking and vehicle restrictions to prevent further action.
2. After a **third** parking or vehicle restriction violation is issued to a vehicle within a twelve (12) month period, the vehicle may be immediately towed in compliance with the California Vehicle Code and at the sole expense of the vehicle owner.
3. The GRHOA may immediately tow any vehicle which is parked (1) in a marked fire lane, (2) within fifteen (15) feet of a fire hydrant, (3) in a space designated for handicapped parking, (4) in a manner which interferes with access to or from the Community by a commercial towing company, (5) in front of a mailbox or interfering with access to a mailbox or, (6) overnight in the Clubhouse parking lot, (7) Crestridge Drive adjacent to Clubhouse after Clubhouse closing time without further ticketing or any further warning, in compliance with the California Vehicle Code, or any changes thereto, and at the sole expense of the vehicle owner.
4. The GRHOA may cause vehicles to be removed from the Community when in violation of the GRHOA’s traffic and parking rules. In such instance, an authorized Association representative will take action, and when such action is taken, the vehicle owner shall be solely responsible for all related costs resulting there from.
5. This policy does not affect the rights of a Homeowner acting on his or her own behalf to remove a vehicle, in which the Homeowner believes to be interfering with his or her legal rights. However, no individual Homeowner or resident is permitted to act unilaterally for the GRHOA in enforcing this policy.
6. Any vehicle parked for more than 96 hours will be considered a “stored” vehicle. It will be considered in violation and subject to the GRHOA’s Towing Policy.

11. Civil Code Section 4515

- a. Use of common area for the purposes described in Civil Code Section 4515(b)(1), (2) and (3), hereinafter referred to as "4515 Meetings," shall be scheduled by the Association for common area meeting locations on a first-come, first-served basis. The Association member or resident shall state, in writing, the subject of the meeting which qualifies it as a 4515 Meeting.
- b. 4515 Meetings do not have priority over other permitted uses of Association facilities. 4515 Meetings shall only be held in meeting room space; Association open space areas and specialty rooms, such as exercise rooms and recreational facilities, are not considered meeting space.

Should any such damages result or occur, the Association shall have the right to seek indemnity from the responsible Homeowner, levy a special assessment against the responsible Homeowner following notice and hearing, or seek any other remedy available under the Association's governing documents or California law to enforce the obligation of the responsible Homeowner.
- f. All persons attending the 4515 Meeting shall be deemed the responsible Homeowner's guest. The Homeowner will be responsible to the Association for the acts of the guests, including those occurring while using Association common area to travel to and from the 4515 Meeting. Outside guests must have valid identification to check against the outside guest list. If they are operating a vehicle they must show a valid driver's license.
- g. The Association is in no way responsible for and shall not make any determination regarding the propriety or accuracy of the opinions, points of view, advocacy or information presented by any person at a 4515 Meeting.
- h. All persons attending a 4515 Meeting do so at their own risk. The Association is in no way responsible for the conduct of the 4515 Meeting or the safety or security of persons in attendance.
- i. The Board of Directors may determine if a sham 4515 Meeting was conducted for a purpose not permitted by Civil Code Section 4515(b)(1), (2) and (3), e.g., a meeting was conducted for purposes of a commercial solicitation rather than for a bona fide matter of public interest pursuant to the statute. If the Board of Directors determines that such a sham 4515 Meeting was held, the Board may, after notice and hearing, charge the responsible Homeowner a special assessment for all costs

and expenses incurred by the Association as a result of the sham 4515 Meeting as well as a fine or other disciplinary action.

- j. All other Association rules and regulations remain in effect and applicable to 4515 Meetings, responsible Homeowners residents, and 4515 Meeting attendees except to the extent those rules are contrary to the foregoing or contrary to Civil Code Section 4515.

VII. LANDSCAPE MAINTENANCE EASEMENTS

The Association holds an easement over some of the Homeowners' rear yard slope areas for landscape maintenance purposes.
